

The Chiropractic Association of Louisiana

presents

X-Ray Proficiency & Safety for the Chiropractic Assistant

About the Program

The Chiropractic Association of Louisiana is pleased to announce plans for its 2024 continuing education program on X-ray Proficiency and Safety for the Chiropractic Assistant. This program is offered to assist doctors in the education of their staffs and compliance with state laws which require chiropractic assistants involved in the taking of x-rays to be certified.

During the three weekend sessions, CAs will be exposed to the latest information regarding diagnostic imaging. Course work will stress operating and safety procedures. Through the lectures, students will gain practical knowledge in basic anatomy, proper positioning, shielding, patient dosage processing and quality problem solving techniques.

Textbook knowledge is then enhanced and reinforced through hands-on training, a feature unique to CAL's program. It's a proven fact that most people learn best by doing. With that thought in mind, this program has been structured so that approximately half of your CA's time will be spent in a workshop setting where he/she will have the opportunity to actually apply the principles set forth during the lectures. Since institution of this format, not only has there been more enthusiastic participation on the part of Chiropractic Assistants, but classes, as a whole, have demonstrated a better grasp of the subject matter and greater retention of knowledge (as reflected on overall test scores).

Dates:

Session 1	March 9-10, 2024
Session 2	April 6-7, 2024
Session 3	April 20-21, 2024

Location:

All Classes will be held in CAL's office located at 10636 Timberlake Avenue in Baton Rouge.

Times:	Saturdays	Noon – 6:00
	Sunday	8:30 a.m. – 2:30 p.m.

Meet the Instructor

Holly Raggio-Guidry, D.C.:

Dr. Raggio-Guidry is a 2004 graduate of Texas Chiropractic College. While at TCC, she was a teaching assistant, after also being a TA at the University of Louisiana-Monroe (formally NLU) and a teacher for a High School.

A practicing chiropractic physician for over 16 years and a CAL member for over 9 years, Dr. Holly has also been a lecturer at various businesses on injury prevention in the workplace.

Dr. Raggio-Guidry practices in Baton Rouge, Louisiana, where she is part of a multidisciplinary group.

Note:

According to Louisiana law, only CAs' certified in x-ray proficiency and safety are allowed to take x-rays.

Seating is limited to 50 attendees!

General Information

Continuing Education Credits.

CAL has applied to the Louisiana Board of Chiropractic Examiners for 30 hours of continuing education credits for CA Certification in X-Ray Proficiency & Safety.

Schedule: Saturday Noon - 6:00 p.m.
Sunday 8:30 a.m. - 2:30 p.m.

Hotel Accommodations:

Nearby hotels include the Hyatt Place which is located on Bluebonnet across the street from the Mall of Louisiana. To make reservations call (225)769-4400. Also located at 7000 Bluebonnet Blvd is the Renaissance Hotel. To make reservations call (225)215-7000.

Cancellation policy: In order to obtain a refund of the registration fee (minus processing fee), notice of cancellation must be received at least 7 days prior to the event. In the event that CAL cancels a program, registrants will receive a 100% refund of paid registration fees.
