### Extremity Extravagana

**December 3-4, 2022**

#### About this Program:

Dr. Mally's innovative extremity manipulation programs feature the most complete extremity adjusting training jam-packed with time tested and practice-proven techniques guaranteed to enhance palpation, adjusting skills and speed.

In this fast-paced, high-energy, content-rich presentation, Dr. Mally will feature the secrets of scapula dynamics in shoulder conditions, foot/ankle conditions, injuries & Syndromes.

During this course, you will learn normal vs. abnormal anatomy, biomechanics and physics of various common shoulder injuries including Rotator Cuff Tears, Impingement Syndrome, Frozen Shoulder, etc. An emphasis is placed on history intake, clinical examination, radiology. This course will also focus on normal vs. abnormal foot/ankle mechanics and common conditions such as: Plantar Fasciitis, Morton's Neuroma, Heel Spur Syndrome, Tarsal Tunnel Syndrome, Sprain/Strain, Bunions and more. Attendees will also learn gait mechanics.

**This presentation includes "live" demonstrations plus hands on technique training**

**Seating is Limited, So Register Early!**

#### About Mitch Mally

**Mitch Mally, D.C.**, is a 1981 graduate of Palmer College of Chiropractic. Based in Davenport, Iowa, Dr. Mally is the owner of Tri-Med and Mally Enterprises. He is the owner and practitioner of a private clinic for 28 years and has been a speaker and educator for nearly 30 years. Dr. Mally is also the founder/developer of the International Academy of Advance Chiropractic Orthopedics, founder of the Institute for Repetitive Strain Injuries and the founder and current instructor for the Palmer College of Chiropractic's Sports Injury Club. His seminars focus on medically researched extremity adjusting techniques, extremity rehab, clinical nutrition and the "Magnificent 7" extremity conditions. He is also the inventor of the Quad Base Scale and developer of the x-ray technique protocol for CTS, X-Poser.
